

## Playing Piano (lead instrument) for Worship Service

### Before Rehearsal:

- Decide the keys for all songs (check with song leader) and send out email to all instrument players.
- Think about the intro (may not need it) and the arrangement between all instruments
- Think about how to end the song (check with song lead during rehearsal and follow Holy Spirit during worship)

### During Rehearsal:

- Ask about the transition between songs
- Write down all arrangements song lead arranged
- Make sure all instrument are harmonic and playing in one accord

Remember: Less is more!

### During Worship:

1. Always pay attention to song lead especially
  - Before "Refrain"
  - Toward the end of each verse
  - Toward the end of the song
  - Praying or talking during the music worship (make sure you can hear the talking and praying)
2. Continue the music during praying in the middle of or after the song. Praying with your music
3. Try to sing while playing
4. Listen to all (vocal and instrument), Instruments are accompanies, and thus should be softer than of vocal
5. Remember to turn off the light before going down the stage

### After Sermon:

1. Prepare to play the after sermon song carrying on the Spirit of the sermon

### After Service:

1. Clean up the stage, take away all sheet music, cover the instruments
2. Listen to the recording next day and note down any improvement needed
